CREATOR OF MEMORABLE WINTER EXPERIENCES

SkiStar operates the five most renowned ski resorts in Scandinavia as well as the charming Alpine ski resort St Johann in the Austrian Tirol and the city ski slope Hammarbybacken in central Stockholm. Together, this wide array of ski resorts offer a smorgasbord of winter holiday experiences for skiers of all levels.

For us at SkiStar, our guest's skiing experience always takes center stage and at our Scandinavian ski resorts, Sälen, Åre, Vemdalen, Hemsedal and Trysil, we operate lifts as well as ski rental outlets and ski schools.

The SkiStar Lodges, Valle the Snowman, the SkiStar Snow Parks, the SkiStar Fun Rides and MySkiStar are some of the concepts that SkiStar offers alongside the central element of the skiing experience itself. Valle, every child's favourite, takes care of children's health and well-being. He offers activities for children and families in the ski areas and can be experienced all year round via an app, kids' programmes and videos. Our members' club, MySkiStar, has over a million members. MySkiStar is both useful and fun. It provides entertainment in the form of your personal skiing statistics, seeing where on the slopes your friends are, collecting pins and starting challenges with family and friends. You also get points on all online purchases, plus exclusive member discounts.

Welcome to the world of SkiStar.

Alpine skiing guaranteed. The snow guarantee means that we either refund your money or you can re-book your trip if we are unable to provide the ski product we promised. SkiStar's snow guarantee applies from mid-December to the last day of the season at our Scandinavian destinations.

SKISTAR SNOW PARKS

We build our snow parks to be fun, challenging and inspiring for skiers and snowboarders at all levels. Our park keepers are dedicated skiers and snowboarders themselves, and they design, build and prep the parks based on their long experience. Our parks form a natural meeting point for youth and teens. We value friendship and companionship and everyone is welcome, regardless of level and age. Some of the best skiers and snowboarders in the Nordic Region visit our parks, along with children and youths of all ages and levels. You'll find snow parks at all our Scandinavian destinations. Often we have more than one park so as to offer greater variety.

FUN RIDE

The **SkiStar Fun Ride** is an adventure ski area that draws its inspiration from a snow park and a ski cross course, which we have playfully combined with an ordinary ski slope. On the way down the slope, you'll find beautiful velodrome curves inspired by the skicross arenas, as well as simpler boxes and jumps similar to those you find in our Snow Parks. It's the playfulness that makes the Fun Ride so special, with bridges, terrain waves, tunnels and other funky elements you wouldn't find anywhere else!

WELCOME TO VALLE'S WORLD

VALLE THE SNOWMAN IS ALL CHILDREN'S BEST FRIEND ON THE SKI SLOPES. HE LOVES PROVIDING EDUCATIONAL ENTERTAINMENT. VALLE WANTS TO INSPIRE CHILDREN TO LEARN, MOVE, BE HEALTHY AND CREATE A LIFELONG INTEREST IN THE THING HE LOVES MOST OF ALL – SNOW.

With **Valle's app** kids can experience Valle all year round. The app offers entertainment that is both fun and educational, such as Valle's story, lots of games, videos, Valle's own emojis, etc.

Being as creative and full of energy as he is, Valle also boasts a collection of his own songs, **Valle's Hits**, on Spotify. Practise your movements with the help of Valle's music videos, either on YouTube or in Valle's app, then you'll be ready to hang out with Valle and dance away – either at home in your living room or at Valle's show in resort.

Valle's Ski School teaches kids aged 3 to 9 to be safe and confident skiers, with Valle the Snowman and Valle's best friends the ski instructors. As well as learning to turn, slow down and ride lifts, kids also make new friends and, with Valle's Rules of the Slopes, they learn to ski or board safely and confidently on the slopes. On completing ski school, all children receive a special Valle Diploma with Valle's Rules of the Slopes and a skiing proficiency certificate. Valle's Ski School offers a series of educational films on SkiStar's YouTube channel. With Valle's app, kids can practice Valle's Rules of the Slopes even before leaving home, or on the way here.

At long last, Valle has his very own kids TV show – **Valle's Igloo Den (Valles Hygglo)** on YouTube. It is a ten-episode series with a focus on learning and fun.
