Report on the Nomination Committee's work

Prior to the 2022 AGM, the nomination committee has held several minuted meetings and related ongoing contacts by phone and e-mail. The nomination committee has been provided with the result of the board of director's evaluation of its work and has interviewed the CEO and a majority of the existing elected board members regarding their views on the board of directors' working methods and composition. The board of directors' need of competence, experience and diversity for the next years has been discussed. In these discussions, particular attention was paid to assessing the composition and competence of the board in relation to the SkiStar Group's operations, strategies and objectives, including the Group's high ambitions in the area of sustainability, and the associated demands that are expected to be placed on the Board. The nomination committee has also consulted the audit committee as regards the proposals on election of auditor and remuneration of auditor. The work has resulted in the proposals which the nomination committee has presented to the AGM.

Motivated statement by the Nomination Committee

All members of the board have informed the nomination committee that they are available for re-election. The nomination committee has proposed re-election of all current members of the board of directors; Anders Sundström, Lena Apler, Sara Karlsson, Fredrik Paulsson, Gunilla Rudebjer, Anders Svensson and Vegard Sjøraunet. Furthermore, Anders Sundström is proposed to be re-elected as the chairman of the board.

The nomination committee is of the opinion that the present board of directors is well functioning and that it has a composition and competence that is compliant with the requirements. Specific consideration has been given to the importance of continuity and good knowledge of SkiStar's operations and strategy in the assessment, given that there has been a number of changes in the composition of the board over the previous years. The nomination committee assess that the proposed board of directors has solid industry experience, as well as specific experience in consumer sales and digitalisation, good knowledge in climate and sustainability-related issues, broad financial expertise, deep real estate and exploitation knowledge and extensive experience in acquisitions. The nomination committee assesses that the proposed board members, with consideration of the company's operations, financial position and circumstances in general, have sufficient experience and competence to meet the demands of the company's operations. In this assessment, the nomination committee has paid particular attention to the company's strategic development, governance and control.

The proposed board of directors consists of three women and four men, representing a share of 43 percent women and 57 percent men. The nomination committee considers the proposed board, which is almost completely gender balanced, also in other aspects has an appropriate composition and diversity in terms of experience and professional background. The diversity policy applied by the nomination committee is the rule 4.1 in the Swedish Code of Corporate Governance.

The nomination committee has also discussed independence of the board of directors. The proposal complies with the requirements for independence set out in the Swedish Code of Corporate Governance. The nomination committee's assessment in terms of the independence issue for each of the members of the board of directors being nominated for election can be found on the company's webpage, www.skistar.com/en/corporate.

The nomination committee has discussed the level and structure of the board fees. A guiding principle when evaluating board fees is that the fees should be competitive and enable recruiting and retaining individuals with the best possible skills. In the evaluation of the fees, a comparison has been made regarding fees in companies of similar size and complexity. Against this background, the nomination committee considers that the proposed increase is reasonable and well justified.

With regard to the proposal for the new election of auditor and on the auditor's fee, the nomination committee has had a dialogue with the audit committee, which prepared the matter and carried out a procurement process involving the four major audit firms. The proposal to change the auditor to Deloitte AB is based on a balanced assessment from the procurement process, where Deloitte was found to be the most attractive proposal based on price, quality, local presence, industry experience and other parameters. The audit committee has confirmed that the recommendation is free from third-party influence and that it is not the result of any conditions limiting the choice of auditor.

Furthermore, the nomination committee's instruction has been reviewed and discussed. The nomination committee has not found it necessary to propose any changes, thus the instruction adopted by the 2021 annual general meeting can continue to apply unchanged.
